

Academic Senate
April 3, 2017

University Academic Advising Committee (UAAC)

Bobbi Davis, UAAC Co-chair

Liz Leckie, UAAC Appreciative Advising Subcommittee

Taunya Dressler, UAAC Marketing Subcommittee

Shawn Adrian, UAAC Awards Subcommittee

Purpose

Formalize collaborative relationship with the Academic Senate
by the appointment of an *ex officio* member from the
University Academic Advising Committee.

Student Success

Faculty play a vital role in disciplinary advising, research, and teaching.

Professional advisors help students navigate curriculum, institution, and university policy and have unique insight into how campus initiatives and policies may affect students holistically.

Both roles are crucial in supporting student success.

Conclusion

Partnership between faculty and professional advisors is critical in ensuring successful student navigation of the 21st-century university.

Representation on the Academic Senate will formalize this partnership, increase communication and collaboration, and further advance the University of Utah's strategic goal of promoting student success to transform lives.
