

**Memo**

**To:** Whom it may concern

**From:** Paul Stout, Chair Department of Art and Art History

**Date:** 9/24/19

**Re:** Letter of support for Digital Cultures Studies Certificate in the Department of English

---

I am writing to support the initiative to create a Digital Culture Studies Certificate in the Department of English. The Department of Art & Art History has a certificate and minor in Arts Technology and we have been working with Professors Lisa Swanstrom and David Roh to find ways of cross listing courses between Arts Technology and the Digital Culture Studies Certificate. Digital culture is an interesting area of inquiry which covers disparate subjects, so I see the proposed certificate as being something our students would benefit from.

Thank you for your time and consideration,

Paul Stout, Chair  
Associate Professor, Sculpture  
Department of Art and Art History
