

# CS 4010: School of Computing – Computer Science Internship

---

*Syllabus: Administrative Details and Course Objectives*

*Spring 2020*

## Course Staff and Schedule

---

Professor: H. James de St. Germain  
Office: 3190 MEB  
Email: [germain@cs.utah.edu](mailto:germain@cs.utah.edu)  
Contact Phone: 801-581-8224 (School of Computing Office)  
Office Hours: tbd  
Web Page: [utah.instructure.com](http://utah.instructure.com)  
Lectures: -na-

## Web System

Please use the [utah.instructure.com](http://utah.instructure.com) web page for the course. Please make sure you update your profile to include information about yourself. You must also upload a clear and professional photo to help us get to know you.

**You are responsible** for all information/assignments/etc. that is posted on the Canvas course web page.

## Lectures

There are no lectures associated with this class. The learning takes place at your place of employment with the help and interactions of your work supervisor/mentor and your teammates.

## Prerequisites

Students are expected find and obtain their own Internship. Further, students must have completed the team software practice course: CS 3505.

## Class Announcements

Information and announcements for the entire class will be posted on the class web page.

## Class Policies

Students are expected to abide by all University of Utah, College of Engineering, and School of Computing Policies and Regulations. Please see [handbook.cs.utah.edu](http://handbook.cs.utah.edu) for more information.

## Assignments

Students will complete weekly assignments, mostly in the form of one page essays reflecting on their learning and growth through the semester. Please see the course web page for more details.

## Discussions

Students will be expected to engaged in discussion posts once a week and post their own discussion topic once every other week.

## Grading

Students will receive grades based on the quality of their written work, as well as the evaluations of their work supervisors. The grading will be roughly distributed across the following areas:

1. Pre-Enrollment Paperwork
2. Weekly Essays/Assignments
3. Discussion Participation
4. Final Paper
5. Midterm and Final Evaluations

The grades for each category are used in a **holistic** evaluation of the entire internship semester. See the course page on grading for more detail.

## Registering for the Course

As a final reminder, when you register for the course, please make sure to sign up for the agreed upon **number of graded** credit hours.

## Students with Disabilities

---

Reasonable accommodation will gladly be provided to the known disabilities of students in the class. Please let the instructor know of such situations as soon as possible. If you wish to qualify for exemptions under the Americans with Disabilities Act (ADA), you should also notify the Center for Disabled Students Services, 160 Union Building.
