Fluffy Slime!

We will be experimenting with shaving cream and contact solution to make a new type of slime!

Length: 10 Minutes

Difficulty: Easy

Supplies You Will Need

- Contact solution
- Shaving Cream
- 1 cup white glue
- 1 teaspoon baking soda
- Food coloring
- Bowl

ACTIVITY INSTRUCTIONS

1. Mix white glue and baking soda in bowl.
2. Incorporate shaving cream gradually to receive desired texture.
3. Mix in food coloring (any color or amount).
4. Mix in contact solution.
5. Pour out slime onto plate.
6. Knead slime with hands while adding contact solution until it is no longer sticky
